

NAGC 1 year Graduate Internship

NAGC's 1 year Graduate Internship Programme is a brilliant opportunity for you to work for a national charity. As an intern, you will gain important skills, meet new people and gain valuable experience and training. An internship with NAGC is also a chance to put something back into society in an area of charity work which is often misunderstood and neglected – support for gifted children and their families.

We are offering an individual internship programme to a high calibre graduate. You will come away with a year's worth of experience of working for a national charity will have gained invaluable experience in several areas of work at NAGC (including marketing, the information and advice service, fundraising, policy development, research and finance).

We require our interns to work a minimum of 3 days a week. Much of the work can be done remotely; however, you will be required to visit Head Office in Milton Keynes once a week. As a charity, we are unable to pay you a wage, however, all reasonable travel expenses will be paid. NAGC will also pay for relevant training courses for you to attend during your year with us.
